Description of traditional Norwegian clothes workshop that you would like to have in Oslo:

1. It should be about a Norwegian traditional clothes which describe different kinds of clothes.
2. There will be a navigation-bar with a list of different types of clothes like for men, women, and children.
3. There will be different webpages with different HTML files and one Stylesheet.
4. The HTML files and Stylesheet have to link with together.
5. On top of the website, there will be a header with a logo then a navigation-bar.
6. The body should show different pictures of clothes with a description.
7. There will be footer on all webpages.
8. There will be a contact page where the customers could contact and more information about the opening time of the workshop.
9. Side-bar.
10. It has to be a Norwegian description.

The Shape: How it's going to look like?

sources: Description of clothes and pictures are from google
